

Monday - 01 June 2022

Agenda: Sprint retrospective meeting

Location: Online

Date: 01.06.2022

Time: 10:30

Attendees:

- Manar Al-Robayi
- Radu Constantinescu
- Ahmed Ibrahim
- Lucian Negru
- Kendra Sartori

Points of action last week

1. Frontend

- Added search functionality
- Tested frontend

2. Backend

- Tested backend
- Used neural network to predict labels at 100% accuracy
- Orders now returned to the frontend

3. Configurations

- Pipeline now has frontend and backend tests

4. Code base

- Code is now fully documented

5. Administration

- Started with the final report (until product design is done)
- Did the style assignment
